Jenoptik JENar™ F-Theta Scanning Lenses See More by [Jenoptik](#)

- Ideal for High-Precision Material Processing and Laser Scanning Applications
- Large Scan Fields Up to 320mm x 320mm
- Wide Range of Focal Lengths from 108mm - 330mm
- [Jenoptik JENar™ Silverline™ F-Theta Scanning Lenses](#) Also Available

Common Specifications

General

Manufacturer:	Jenoptik
---------------	----------

Threading & Mounting

Mounting Threads:	M85 x 1
-------------------	---------
