Arizona Optical Metrology (AOM) Cylinder Computer Generated Holograms (CGH)

- Measure Surface Figure Error of Concave and Convex Cylinder Lenses
- Diverse Range of Cylindrical f/#s Available
- Easy to Install and Align

Common Specifications

General

Note:Requires Mount [#25-684](#) or [or #25-685](#)

Physical & Mechanical Properties

Weight (g): 117.93**Null Pattern Shape:** Square**Null Pattern Size (mm):** 38

Optical Properties

Design Wavelength DWL (nm): 633
